Dear Sabrina:

Thank you for speaking to the current Civil Engineering Technology students. Your work experiences and advice are so important to the potential graduates. They need to know what to expect from their first job, and they need to hear it from someone who was recently "in their shoes." You encouraged the current students. Your willingness to share and "give back" to the CET program is very much appreciated. I hope you realize that you, as a guest speaker, are vital to the continued success of the CET program.

Your enthusiasm and confidence were very evident to both the students and to me. I am so happy that you have found a position that suits your interests. I look forward to your continued success.

Sincerely,

A handwritten signature in cursive script that reads 'Melissa J. Wilkins'.
